

AG Shelter Series 12' x 20' x 8' Run-In Shed

12' x 20' x 8' Equine Run-In-Shed - The Original Instant Equine Shelter. Delivers Easy Shade & Protection.

- Specifically designed for equine and livestock, the 12' x 20' x 8' Equine Run-In-Shed is constructed using high grade steel. Every frame tube and connector goes through a proprietary 13 step Rhino Shield steel surface preparation process.
- Professional grade 1-5/8" outside diameter all steel frame, bonded with Dupont™ thermoset baked on powder-coated finish prevents chipping, peeling, rust and corrosion.
- Advanced engineered, 3-layer, chemically heat bonded, enhanced polyethylene, rip-stop fabric cover is standard issue. Hot air fused seams are 100% waterproof. UV-treated inside and out with added fade blockers, anti-aging, anti-fungal agents resulting in a cover that withstands the elements. High profile white interior lining provides enhanced illumination.
- Slip fit connectors and swedged tubing make for easy assembly. Bolt hardware at every connection ensures a solid structure.
- Heavy duty corner braces on corner ribs and rugged Ratchet Tite™ tensioning enables quick cover installation. Easy Slide Cross Rail system lock down and square up frames and bolt hardware for every connection point.
- Structure sets up quickly and in most cases requires no building permits. Check local ordinance before installation.

Great For: Horses, hay, storage, livestock & farm equipment.

We've Got You Covered.™
North America's #1 Shelter Manufacturer.

Model #51341

Package Includes:

- (1) 12' x 20' 8' All steel frame
- (1) One-piece, fitted, green polyethylene cover
- (4) Protective corner boots
- Steel foot plates
- (6) 30" Auger anchors
- Complete Hardware Kit
- Easy step-by-step instructions

Packaging Specifications:

- 2 boxes
- Total weight: 280 lbs.
